# Susmita Hazra

B.Tech CSE (AI & ML) Student

(+91) xxxxxxxxxx | susmitahazra071105@gmail.com | Susmita Hazra | Susmita0711

## Academics

- **Brainware University** 2024 - 2028
  B.Tech in Computer Science & Engineering (AI & ML) | CGPA : 9.73
- **CHRIST CHURCH GIRLS' HIGH SCHOOL (H.S.)** 2022 - 2024
  WBCHSE (Class XII) | Aggregate : 86%
  Stream : Pure Science
- **CHRIST CHURCH GIRLS' HIGH SCHOOL (H.S.)** 2011 - 2022
  WBBSE (Class X) | Aggregate : 88%

## Leadership Experience

**Class Representative (CR)** Brainware University 2024 - Present

- Serving continuously as Class Representative from 1st Semester onwards.
- Coordinating communication between students and faculty members.
- Organizing academic and extracurricular activities.
- Representing student concerns and contributing to effective classroom management.

## Events & Conferences

**Technical Event Participant** 2024 - Present

- Participated in Techno Main Salt Lake 2025 Workshop & Paper Presentation.
- Participated in Durgapur Hackathon & Tech Fest.
- Attended Google Developer Student Club (GDSC) events and technical sessions.
- Participated in AI/ML Workshops, AI Summit, AI Hackathon, and Startup Summit.

## Volunteering Experience

**Volunteer** ICCRET Conference

- Contributed to conference operations and event management.
- Coordinated with participants and organizers to ensure smooth execution.

## Projects

**AI-Based Chatbot for User Engagement Detection** Python | AI/ML

- Developed an AI-powered chatbot capable of analyzing and detecting user engagement levels.
- Implemented intelligent interaction mechanisms to improve user experience.
- Utilized AI/ML concepts for engagement prediction and analysis.

**Financial Management System** Java | DBMS

- Designed and developed a financial management application.
- Managed financial records, transactions, and reporting functionalities.
- Focused on data organization, accuracy, and user-friendly operations.

## Skills

**Programming Languages:** C, C++, Java, Python
**Core Competencies:** Data Structures & Algorithms (DSA), Design & Analysis of Algorithms (DAA), Database Management Systems (DBMS), Operating Systems (OS), Computer Organization & Architecture (COA)
**Technical & Creative Skills:** AI/ML Fundamentals, Arduino, Graphic Design, Video Editing, Event Management

## Languages

**Languages:** English, Bengali, Hindi
